

217 Austin St. Pickrell, Ne 402-673-3480

Things to know when purchasing beef from a producer thru Pickrell Locker & Smokehouse:

We sometimes have producers that have livestock ready for slaughter & do not have a buyer.

The good news is, we are able to help you, the purchaser, & the producer by being the “middle man”.

The producer will sell the animal (or a portion of the animal) to you.

Most producers will do this by charging the buyer the average price per hanging carcass weight.

We will do all the talking for you!

You will choose the cuts & we will process the beef.

When you come to the locker to pick your meat up you will bring the money for the producer & the money for Pickrell Locker & Smokehouse for the processing.

These payments cannot be paid together!

The payment for the producer must be cash or check only.

We will hold that money & get it to the producer for you!

The payment for the processing can be paid by cash, check, or card.

Example: Joe Dirt brought in a whole beef for slaughter.

The hanging carcass weight was $400 + 400 = 800$ lbs.

Joe Dirt is selling this beef for \$2.25 per hanging weight lb.

You want to buy this beef & have it processed at Pickrell Locker & Smokehouse.

You choose the cuts & packaging & we process the beef for you.

You come to pick your order up.

You leave a check in the amount of \$1,800.00 for Joe Dirt.

You pay Pickrell Locker & Smokehouse for the processing.

You take your meat home & enjoy!
